The package includes initial consultation at the clinic (including ultrasound examination), all medications needed for IVF cycle for both donor and recipient (until the pregnancy test), examination on sexually transmitted diseases (STD), donor treatment (incl. general anesthesia, oocytes retrieval), fertilization of oocytes through ICSI, embryos cultivation up to potential blastocyst stage (up to 120 hours) and guaranteed embryo transfer of up to two embryos.	
<u>IVF cycle including donor oocytes and guaranteed ET & FET</u>	5 800 €
The package includes initial consultation at the clinic (including ultrasound examination), all medications needed for IVF cycle for both donor and recipient (until the pregnancy test), all medications needed before the frozen embryo transfer, spermogram and cryopreservation of sperm for 1 year, examination on sexually transmitted diseases (STD), donor treatment (incl. general anesthesia, oocytes retrieval), fertilization of oocytes through ICSI, prolonged embryos cultivation up to potential blastocyst stage (up to 120 hours), embryo vitrification and storage for 1 year for cryo embryo transfer, one guaranteed embryo transfer of up to two „fresh“ embryos and one guaranteed frozen embryo transfer of up to two frozen embryos in case successful result of the first attempt was not reached.	
<u>Embryo donation – blastocysts</u>	2 500 €
The package includes initial consultation at the clinic (including ultrasound examination), medicaments needed for cryo embryo transfer preparation (until the pregnancy test) and one transfer of up to two frozen embryos. Embryos are cultivated up to blastocyst stage (up to 120 hours).	

Laboratory methods

ICSI	500 €
PICSI	800 €
Embryo monitoring in the incubator Geri	200 €
Prolonged cultivation of embryos (above 72 hours)	200 €
Assisted hatching	300 €
EmbryoGlue	250 €
Vitrification of embryos / oocytes (includes one year storage)	600 €
Cryopreservation of sperm (includes one year storage)	300 €
Additional year of oocytes / embryos / sperm storage	100 €
Test of Sperm DNA Fragmentation and Ejaculate Oxidative Stress (does not include Spermogram)	200 €

Additional services

Initial consultation	150 €
Ultrasound examination	80 €
Preoperative examination	200 €
AMH blood test	55 €
Hormonal profile: E2, FSH, LH, PRG, TSH, ft4, aTPO, PRL and blood group	95 €
Spermiogram	100 €
Donated sperm	200 €
Embryotransfer of Cryopreserved Embryos	400 €
Hospitalization in Single Room / per Night	150 €
Hospitalization in Standard Room / per Night	120 €
Stationary (MESA / TESE / microTESE, etc.)	30 €

Incomplete cycles

Cycle stopped in the course of stimulation	1 200 €
OPU without collection of oocytes	1 500 €
IVF cycle without ET	1 800 €

Immunology

Initial consultation	60 €
----------------------	------

Genetics

Initial consultation	80 €
PGT-A examination - price per one embryo examination (Preimplantation genetic testing for aneuploidy - abnormal number of chromosomes)	320 €
PGT-A laboratory method package (The package includes Vitrification of embryos , GERI monitoring, prolonged cultivation, assisted hatching, biopsy)	1 750 €
PGT-M examination - price per one embryo examination	395 €
Karyotyping	200 €
Carrier test	480 €
Carrier test – compatibility of the pair	870 €

Andrology

Initial consultation	40 €
Follow up consultation	20 €
