

## ASSISTED REPRODUCTION PRICELIST

YES NO

<input type="checkbox"/>	<input type="checkbox"/>	<b>IVF - Native cycle (NC)</b>	<b>1 000 €</b>
		consultations at the clinic, treatment planning, ultrasound examinations, oocyte retrieval, spermogram plus sperm preparation (laboratory methods are not included)	
		<b>IVF cycle</b>	<b>2 850 €</b>
<input type="checkbox"/>	<input type="checkbox"/>	IVF cycle package includes initial consultation at the clinic, treatment planning, ultrasound examinations, STD (sexually transmitted diseases) blood testing, oocyte retrieval, spermogram plus sperm preparation, ICSI, embryo cultivation up to 72 hours, embryo transfer. (Other laboratory methods are optional and are not included in the package price. The medication costs and embryo cryopreservation fee are not included either.)	
		IVF cycle - payment on the day the treatment begins	1 000 €
		IVF cycle - payment on the day of the egg collection	1 000 €
		IVF cycle - payment on the day of the embryo transfer	850 €
		<b>Social freezing (SF)</b>	<b>1 600 €</b>
<input type="checkbox"/>	<input type="checkbox"/>	Social freezing package includes treatment planning, ultrasound examinations, oocyte retrieval, oocyte vitrification and storage for 3 years (Medication costs are not included in the price)	
		SF - payment on the day the treatment begins	1 000 €
		SF - payment on the day of the egg collection ( only when is the collection successful )	600 €
		<b>IVF cycle after Social freezing (SF IVF)</b>	<b>1 500 €</b>
<input type="checkbox"/>	<input type="checkbox"/>	The package includes medication for embryo transfer preparation, ICSI, prolonged embryo cultivation, embryo monitoring in GERI incubator and embryo transfer. (Other laboratory methods are optional and are not included in the package price. Vitrification of non-transferred embryos is not included either.)	
		SF IVF - payment on the day of oocytes thawing	1 000 €
		SF IVF - payment in the day of embryo transfer	500 €
		<b>IVF cycle with oocyte donation</b>	<b>4 900 €</b>
<input type="checkbox"/>	<input type="checkbox"/>	IVF cycle with donated oocytes package includes the initial consultation, treatment planning, financial compensation for the oocyte donor, STD (sexually transmitted diseases) blood testing, spermogram (SPG) and sperm preparation, ICSI, AH (assisted hatching), prolonged embryo cultivation, medication for the donated oocytes recipient, embryo transfer.	
		DIVF - payment on the day the treatment begins	2 000 €
		DIVF - payment on the day of the donor pairing	2 600 €
		DIVF - payment on the day of the donor's egg collection	300 €
		<b>IVF cycle with oocyte donation and a guarantee of 2 embryos (a minimal sperm quality is necessary) (DIVF G)</b>	<b>5 800 €</b>
<input type="checkbox"/>	<input type="checkbox"/>	This package includes treatment planning, financial compensation and treatment costs of the donor, STD (sexually transmitted diseases) blood testing, spermogram (SPG) and a sperm preparation, sperm cryopreservation, ICSI, assisted hatching, prolonged embryo cultivation, medication costs and preparation of the donated egg recipient, 1x embryo transfer, embryo vitrification and 1 year storage	
		DIVF G - payment on the day the treatment begins	2 000 €
		DIVF G - payment on the day of the donor pairing	2 600 €
		DIVF G - payment on the day of the donor's egg collection	1 200 €
		<b>IVF cycle with donated embryo (DEM)</b>	<b>1 600 €</b>
<input type="checkbox"/>	<input type="checkbox"/>	The package includes initial consultation, medication costs and the preparation of the donated embryo recipient, FET (frozen embryo transfer) of the donated embryo	
		DEM - payment in the day of donated embryo reservation	1 000 €
		DEM - payment in the day of embryo transfer	600 €
		<b>Frozen embryo transfer</b>	<b>750 €</b>

### Laboratory methods

ICSI (intra cytoplasmic sperm injection)	450 €
Embryo monitoring in GERI incubator	220 €
Prolonged embryo cultivation (over 72 hours)	220 €
Assisted hatching	220 €
EmbryoGlue	200 €
Embryo vitrification/ oocyte vitrification (1 year storage is included)	460 €
Sperm cryopreservation (1 year storage is included)	300 €
1 year storage fee for oocyte / embryo / sperm storage	130 €
Sperm DNA fragmentation test and sperm oxidative stress (spermogram is included)	220 €
Microfluidic Sperm Sorting Chip	270 €
Meiotic spindle visualization	170 €

### Additional services

Initial consult	90 €
Ultrasound examination	90 €
Preoperative examination	200 €
AMH level blood test	60 €

<b>Hormonal profile test: E2, FSH, LH, PRG, TSH, ft4, and TPO, PRL and a blood type</b>	<b>110 €</b>
<b>Spermiogram</b>	<b>60 €</b>
<b>Donated sperm</b>	<b>300 €</b>
<b>Administrative costs associated with the transport of biological material (without transport)</b>	<b>160 €</b>

**Immunology**

<b>Initial consult</b>	<b>90 €</b>
<b>Basic immunology examination</b>	<b>430 €</b>

**Genetics**

<b>Initial consult</b>	<b>90 €</b>
<b>PGT- aneuploidies / structural chromosomal anomalies (PGT-A / PGT-SR) using NGS method</b> (price for one embryo)	<b>350 €</b>
<small>(Genetic tests for aneuploidy - abnormal number of chromosomes)</small>	
<b>PGT - laboratory methods package</b>	<b>1 400 €</b>
<small>(The package includes embryo vitrification, GERI monitoring, prolonged embryo cultivation, assisted hatching, embryo biopsy - the package does not include the price of the PGT-A examination)</small>	
<b>PGT in monogenic diseases (PGT-M) using karyomapping (incl. PGT - A)</b>	
	<b>preparation for karyomapping</b>
	<b>examination of a single embryo</b>
	<b>1 360 €</b>
	<b>400 €</b>
<b>Karyotyping</b>	<b>200 €</b>
<b>Carrier test</b>	<b>480 €</b>
<b>Carrier test – genetic compatibility of the couple</b>	<b>870 €</b>

**The patient and his partner/husband confirms with his signature the choice of the selected treatment.**

**Cancellation terms**

Cancellation terms of Iscare a.s. apply to situations when an infertile couple discontinues treatment. In such a case, if the treatment is interrupted for other than serious health reasons on the part of the client, the company Iscare a.s. has the right to reimbursement of all costs related to services already provided, and therefore no funds will be returned to the client.

Each individual case of interruption of treatment due to serious health reasons on the part of the client is assessed individually with regard to the state of health and other circumstances related to the proposed treatment. Based on this assessment, ISCARE a.s. decides on the possible return of already paid funds.

In the case of treatment with donated oocytes, it also applies in case if the treatment is interrupted by ISCARE a.s. due to complications on the part of the donor (serious health reasons), then ISCARE a.s. reserves the right to offer clients the continuation of treatment with a new donor.

In the case of treatment with donated embryos, it also applies in case if the treated couple interrupts or postpones the treatment, but is still interested in reserving confirmed embryos, more than 6 months after confirming the reservation of embryos, the reservation can be extended at the request of the infertile couple on the basis of payment amounts for Preservation of biological material according to the price list for assisted reproduction services.

**Iscale reserves the right to change this price list. The price of the treatment/service is always governed by the currently valid price list on the website [www.iscare.cz](http://www.iscare.cz)**
